this elibron classics title is a reprint of the original edition published by chapman and hall in london 1865

this book contains color illustrations

this classic work by poucher first published in 1923 was last produced in three volumes titled respectively the raw materials of perfumery seventh edition 1974 the production manufacture and application of perfumes eighth edition 1974 and modern cosmetics eighth edition 1974 its popularity is well demonstrated by there having been three reprints of these editions in 1976 1979 and 1984 respectively the history of events can be traced by reference to the prefaces to earlier editions and those interested should study these with care since they give a fascinating insight into developments in the subject fields covered by poucher s perfumes cosmetics and soaps over the years it is not proposed to provide a resume here in this volume i the current edition attempts to provide data about raw materials in a more formalized way than before so that not only the history of some compounds can be checked but also so that useful reference information can be obtained it is particularly relevant to do this since it is not always easy to be certain of nomenclature moreover as we move towards ingredient labelling a trend not welcomed by some a high level of uniformity will be needed whether this will come from adoption of ctfa terminology use of cas numbers or some other system is not clear where possible such data have been included so that readers may identify materials more readily where given cas numbers are located in the top right hand corner of each entry
