first published in 1961 a new history of spanish literature has been a much used resource for generations of students the book has now been completely revised and updated to include extensive discussion of spanish literature of the past thirty years richard e chandler and kessel schwartz both longtime students of the literature write authoritatively about every spanish literary work of consequence from the earliest extant writings though the literature of the 1980s they draw on the latest scholarship unlike most literary histories this one treats each genre fully in its own section thus making it easy for the reader to follow the development of poetry the drama the novel other prose fiction and nonfiction prose students of the first edition have found this method particularly useful however this approach does not preclude study of the literature by period a full index easily enables the reader to find all references to any individual author or book another noteworthy feature of the book and one omitted from many books of this kind is the comprehensive attention the authors accord nonfiction prose including for example essays philosophy literary criticism politics and historiography encyclopedic in scope yet concise and eminently readable the revised edition of a new history of spanish literature bids fair to be the standard reference well into the next century

since the first superman film came to the screen in 1978 films adapted from comics have become increasingly important as a film form since that time advances in computer generated special effects have significantly improved the ability of film to capture the style and action of comics producing film such as x men and spider man
