this book explores the risks of adults with a mental disorder and how the relative scottish legislative frameworks interrelate to provide them with support and protection seeking primarily to explore the practical application of duties and powers across the interface of these acts this work explores their links and relationships their thresholds where duties may have to be met across one or two of the acts or indeed the three acts

since the late 1970s when congressman claud pepper held widely publicized hearings on the mistreatment of the elderly policy makers and practitioners have sought ways to protect older americans from physical psychological and financial abuse yet during the last 20 years fewer than 50 articles have addressed the shameful problem that abusers© and sometimes the abused themselves© want to conceal elder mistreatment in an aging america takes a giant step toward broadening our understanding of the mistreatment of the elderly and recommends specific research and funding strategies that can be used to deepen it the book includes a discussion of the conceptual methodological and logistical issues needed to create a solid research base as well as the ethical concerns that must be considered when working with older subjects it also looks at problems in determination of a report s reliability and the role of physicians emts and others who are among the first to

recognize situations of mistreatment elder mistreatment in an aging america will be of interest to anyone concerned about the elderly and ways to intervene when abuse is suspected including family members caregivers and advocates for the elderly it will also be of interest to researchers research sponsors and policy makers who need to know how to advance our knowledge of this problem
